## OBJECTIVE :

I recently completed my graduation with a Bachelor of computer Application (BCA). During my Academic journey, I built a strong foundation in programming, databases, and web development. As part of my Academics projects, I Worked on Data Analysis and Online Food Ordering System using HTML, CSS, JavaScript, and MySQL, which helped me improve my analytical and practical skills.

## PYTHON SKILLS

- Strong knowledge of core Python programming concepts (variables, data types, loops, functions).
- Proficient object oriented programming (OOP) with classes and objects.
- Knowledge of exception handling and debugging techniques.
- Hands-on with NumPy for numerical computations and array operations.
- Skilled in Matplotlib for data visualization and plotting.

## JAVA SKILLS

- Proficient in Core Java fundamentals including variables, data types, operators, control statements, and arrays.
- Hands-on experience with Object-Oriented Programming (OOPs) concepts such as classes, objects, inheritance, polymorphism, encapsulation, and abstraction.
- Ability to design and implement modular, reusable, and maintainable code using OOPs principles.
- Strong understanding of exception handling, constructors, method overloading/overriding, and interface implementation in Java.

## FRONTEND TECHNOLOGIES

- Proficient in HTML5 for structuring and creating semantic, accessible, and SEO-friendly web pages.
- Skilled in CSS3 for response layouts, styling, and cross-browser compatibility.
- Hands-on experience with Java Script(ES6+) for dynamic functionality, DOM manipulation, and event handling.
- Ability to develop user-friendly, responsive, and optimized web interfaces.
- Knowledge of debugging, testing, and performance optimization in frontend development.

## REACT.JS

- Knowledge of React.js fundamentals including components, JSX, props, and state management.
- Experience in building interactive and responsive user interfaces using React.
- Familiar with React hooks (useState, useEffect) for managing component lifecycle and state.
- Ability to integrate React with HTML, CSS, and JavaScript to develop dynamic web applications.

## SQL SKILLS

- Knowledge of MySQL fundamentals including databases, tables, data types, and constraints.
- Proficient in CRUD operations (Create, Read, Update, Delete) using SQL queries.
- Understanding of primary keys, foreign keys, and relationships between tables.
- Hands-on experience with JOINS (INNER JOIN, LEFT JOIN, RIGHT JOIN, FULL JOIN) for combining data across multiple tables.
- Ability to use filtering (WHERE, LIKE), sorting (ORDER BY), and grouping (GROUP BY, HAVING) in queries for effective data analysis.

## EDUCATION

- Completed BCA from SKM DEGREE COLLEGE (Devadurga) under Raichur University.
- Completed PUC from SG PU COLLEGE(Koppala).
- Completed Schooling in SSV PRIMARY AND HIGH SCHOOL (Mudenoor).
